Wyman's evidence-based Teen Outreach Program® (TOP®) is a positive youth development program designed to build teens' educational success, life and leadership skills, and healthy behaviors and relationships. As a result, teens are better able to navigate life's challenges during the teenage years – a time when decisions matter.

The program is designed to meet the developmental needs of middle school teens (6th – 8th grades) and high school teens (9th–12th grades) in a variety of settings, including in school, after-school, through community organizations or in systems and institutional settings.
