

Evidence-Based & Best Practice Listings

Wyman’s Teen Outreach Program® (TOP®) and Teen Connection Project™ (TCP™) have been implemented successfully with diverse communities and in both urban and rural environments. TOP is designed to meet the developmental needs of middle and high school teens in a variety of settings, including in school, after school, through community organizations or in systems and institutional settings. TCP is designed to foster connections among high school youth served in small groups in school, after school, or in a community-based setting.

Independent research reviews by federal agencies and organizations have recognized TOP and TCP for their evidence-base.

TOP listings include:

- U.S. Department of Health and Human Services Teen Pregnancy Prevention Evidence Review
- U.S. Department of Justice – Office of Juvenile Justice and Delinquency Prevention
