Throughout the spring semester at Brittany Woods Middle School, TOP has chosen to focus on various topics from healthy relationships to decision-making.

Within the SEL curriculum, community service learning projects were included in lessons so that our clubs could understand that what is being taught can apply to real world situations. As we close out the school year, TOP will continue to participate in SEL curriculum, engaging activities, and CSL.

TOP will also recognize two young people from each grade level as TOP students of the semester. These students that are recognized have shown consistent academic excellence and exemplary classroom behavior.

6th: Haven B. and Ethan B.

7th: A'riah R. and Jalil N.

8th: Avery C. and Raymond M.

Overall, TOP appreciates all participants and is excited to continue this great journey with our young people! - Cheezy, Grannie, JB, and JT
